Kurzbeschreibung

Der „Open Education Policy Canvas“ ist ein Werkzeug zur Unterstützung und Gestaltung von Open Education (OE) Policies an Hochschulen. Er kann als Leitfaden und Inspirationsquelle für die Entwicklung und Implementierung von OER-Policies genutzt werden. Das Canvas ermöglicht es den Beteiligten, gemeinsam innovative Lösungen zu entwickeln.

Einsatzbereiche

- Strategieentwicklung
- Innovationsförderung
- Medium für Workshops und Brainstorming-Sitzungen

Vorbereitung des Einsatzes

- Entweder ausdrucken (Vorlage im Original im Format DIN A3, in diesem Dokument im Format DIN A4) oder auf ein Flipchart oder Whiteboard übertragen (auf Hardware oder digital)

Open Education Policy Canvas

Co-Creation Process Describe key proposed stages/events of your co-creation process.	Context What are the relevant social/cultural issues at play in the policy environment?	Policy Design Partners Who needs to be involved in the policy co-creation process?	Implementation Who is needed to implement the policy? What kinds of support are needed?
	Policy opportunities What opportunities can your policy enable?	Policy challenges What challenges or barriers does your policy face?	
Key Aims/Elements Which are the key aims and elements of your OE policy?	Evidence What information and data could inform and sustain your policy?	Stakeholders Who will benefit from the policy? Who will be affected by the policy?	Risks What could derail your policy?
